Free Vote Is Set by Egypt Army Rulers

CAIRO, Egypt, March 25.—The military council which has ruled Egypt since the overthrow of King Farouk will step down July 24 and the people will elect their own government, an official announcement said today.
The revolutionary council will be dissolved as of the date which will mark the end of the revolution two years after Farouk's ouster, the announcement said.

Council Meets

The announcement followed proclamation of a national emergency and an extraordinary session of the council. The meeting was held amid reports of a growing rift between President Mohammed Naguib and Vice Premier Gamal Abdel Nasser over the military's desire for a quick return to civil parliamentary government.
The meeting ended with Naguib's statement that "You're going to hear good news."

The announcement came the day the military high command ruled Egypt since July 1952, will be dissolved in July.

Complete Freedom

There will be complete and absolute freedom in all aspects of the life of the Egyptian people, the Minister of National Guidance Salem said.
The announcement said all dissolved political parties will be allowed to function for the forthcoming elections of a constituent assembly. The assembly will draft a new constitution and then elect a president of the republic.

Today's announcement said the council will not pass a political party after it is dissolved.

Procedure on Grains Listed

Farmers who wish to re-seal their 1953 grain or conveyance purchase agreements into "re-seal" loans should apply to the county agricultural stabilization and conservation committee. The committee will certify the loans for price support loans on 1953 crops, reminds Lloyd S. Jones, county administrator.
The department of agriculture recently announced the re-seal program for 1953 crop grain. The program is to be completed by March 31 at the maturity date for 1953 crop loans on wheat, oats and barley. Interest rate on the re-seal loans will be 4 percent beginning with the 1953 maturity date instead of the 4 percent rate in effect during the regular loan period.

Announcement of the re-seal program has been made early in order to give farmers time to plan and construct additional facilities needed to store 1953 crops and handle 1954 crops in an orderly manner, Jones said.

Commodity credit corporation loans offering farmers up to 80 percent of the cost of new storage facilities in most states will be available until June 30, 1953. Loans are available for up to 75 percent of the cost of storage equipment and to keep stored crops in proper condition.

Farmers who hold their re-sealed crops on the farm instead of delivering them to the CCC at the end of the original period will help in solving the problem of storing the record supplies of grain expected this year, according to Jones.

Council to Meet

WENDELL, March 25.—Gooding Safety council will meet at 8 p. m. Tuesday at the Wendell Civic club rooms. Julius Peterson, Mrs. Omar Fricke and Lottis Burkman, all in charge of the program. There will be a speaker from the department of law enforcement and a safety film.

People to Be Asked to Aid Spud Market

(From Page One)
termine how many potatoes Idaho school children can eat in the remainder of the school term.
Request for the survey was made by the department of agriculture, which also requests information on the potato eating habits in the state.

Department officials in Washington are uncertain as to how many potatoes will be purchased by the government but on Wednesday one official estimated \$300,000 potatoes, 1,500,000 of which would come from Idaho. This would constitute approximately 1,500 cars.

Although no figure on purchases has been announced, department officials are reported as saying the most of the potatoes will be purchased in Idaho, Idaho, Minnesota and North Dakota.

Idaho Agricultural Commissioner D. A. Stubbins said there is no way of knowing how the government's action will affect prices until it has been determined how many potatoes the government intends to buy.

Paper Claims Spying Count Against U. S.

MOSCOW, March 25.—A Moscow newspaper published today that American military attaches had been spying along the trans-Siberian railroad.

The trade union newspaper Trud published the charge, quoting a train conductor as saying he found documents.

Trud said that a check with the Interior bureau showed that four members of the military staff of the United States embassy were in the train in question.

Trud said sarcastically that the owners could get back the documents if they applied at the porter's office of the Moscow railroad station.

But chief conductor O. Kharin, who reported finding the documents, wrote to the press.

"If they are by any chance members of the American diplomatic mission in the Soviet Union, they should be expelled for abusing the hospitality of our country."

The American embassy said it had received no formal communication from the Soviet government on the alleged find and no request to send the attaches home. For the present, the embassy said, there was "no comment."

Uniform Code Is Upheld by Court Ruling

WASHINGTON, March 25.—(AP)—The U. S. court of appeals today upheld a law giving the armed services the right to court-martial civilians for serious crimes committed while in service.

The decision applied specifically to Robert W. Toth, Pittsburgh, an honorably discharged air force man, who is accused of murder in the slaying of a South Korean civilian.

The appeals court reversed a ruling by U. S. District Judge Alexander Holtzoff and directed that Toth be turned over to air force authorities for court-martial.

The three appeals judges who heard the case agreed unanimously that a provision of the uniform code of military justice, giving the armed services authority to try former servicemen for serious crimes, is constitutional.

Council for both Toth and the government have said the case would be carried to the supreme court.

Toth, 24, a Pittsburgh steel worker, was arrested May 13, 1952, at his place of employment and flown to Korea to stand court-martial. He was returned to the states under Judge Holtzoff's order.

Parking Fines

Police collected \$12 in fines for parking violations Wednesday.
Parking \$1 bonds were set by M. Mathews, J. Butler, K. A. Henson, J. H. Leclair, E. E. Walker, J. W. M. Chek, Darrell Jensen, Jessy Baumman, Junior Shepard, Perry Madsen, and W. W. Wrenn, all company and Roy Fuller.

Sites Viewed

RUPERT, March 25.—Students of the school site committee for Minkidoka county met with school trustees this week to view sites potential sites for a new central high school.

Five of the sites are west of Rupert and one is one mile west and one mile north of Rupert.

No decision was reached by the committee and the entire matter of potential sites has been referred to the citizens committee for the county.

Sentenced

BOHONORE, March 25.—Frank R. Smith, Court d'Aleone, was sentenced to five years in the state penitentiary Thursday morning by District Judge D. H. Hughes on a charge of withing a \$10 check without sufficient funds in the bank.

Smith was arrested on March 11 and his hearing was continued pending an investigation by the parole officer.

ISC Students

BOHONORE, March 25.—Students of the ISC (Inter-School Council) met at 4 p. m. Thursday at the school to discuss the school's participation in the 1953-54 season.

The students will be participating in the 1953-54 season and will be competing in the 1953-54 season.

Mortgage for Edifice to Go Up in Flames

GOODING, March 25.—(Times-News)—Five years of effort on the part of Gooding Methodists to erect and dedicate a new church, a ceremony of mortgage burning will be held Friday.

Under the financial leadership of Dr. J. Wesley Miller and the pastoral leadership of the Rev. Cecil Hansen and the Rev. George H. Hansen, nearly \$100,000 has been raised.

The mortgage burning ceremony precedes the Sunday service of dedication which could not be held until the building was declared free of debt. A victory dinner on Friday evening for members and friends of the church will include a period of reminiscing under the direction of Rev. W. W. Miller.

The dinner will be a covered-dish affair. The church is planning to bring their own table service. The Gooding WSCS will be in charge. Mrs. Charles Gee is president of the group.

The nicknames Bobby or Peeler for police officers derive from the fact that the first organized London's Scotland Yard in 1829.

Record Noted in Forest Use of Past Year

March 25—New heights reached in 1953 for use of the Twin Falls region's 25 improved forest lands were reported by A. G. Nord, regional forester at Ogden, in a report to the board of directors of the Idaho Forestry Association. The report stated that the use of the 25 improved forest lands was up 18.3 per cent over 1952.

During the year, use of the improved forest lands was up 18.3 per cent over 1952. The use of the improved forest lands was up 18.3 per cent over 1952.

Getting Ready for Record

Jerry Miller, principal of the Pleasant Plains school, gets ready here to become a "two-gallon" donor in the Red Cross blood program. He donated his 16th pint of blood when the bloodmobile of the Red Cross unit, (Ambrose photo—staff newspaper).

School Principal Donates 16th Pint of Blood in Jerome Drive

JEROME, March 25—Jerry Miller, principal of Pleasant Plains school, joined the "two-gallon" club as he donated his 16th pint of blood Tuesday when the Red Cross bloodmobile made its run here.

Mrs. Harold Carlson, bloodmobile chairman, reported Thursday that 127 pints of blood were obtained during the run. There were only six rejects.

Elks lodge members were in charge of arrangements and Lady Elks maintained the canteen. Assisting in the canteen were Mrs. Jack Harris, Mrs. W. B. Churchman, Mrs. Al Hall, Mrs. Leonard Osborne, Mrs. Felix Boguslawski, Mrs. LaVar Hansen, Mrs. DeMar Merrill and Mrs. Sam Olsen.

Girl Victim of Auto Crash Last Christmas Slowly Recovering

BREMERTON, Wash., March 25—Ernest Gray's first words on coming out of a world of darkness, silence and stillness were: "What did I get for Christmas?"

To Mrs. Ernest Gray, the 11-year-old girl's mother, hearing those words was what she got for Christmas—even though belatedly. And now Gray is moving about, talking and seeing in a world she very nearly left last Dec. 25.

The plucky little girl was injured in an automobile accident—two months ago—when she was hit by a car. She was in the hospital for two months.

Then she emerged slowly from the coma that had gripped her, although she was helpless, could not talk or move. But her mother, in constant attendance, could detect little changes, saw that her eyes appeared to see and that she was trying to talk.

"One day," Mrs. Gray recalled, "I told her to close her eyes if she was trying to talk to me. She did, and I knew she knew me."

Then one day she asked the unforgettable words about Christmas, and improvement became more noticeable every day.

Last week, the mother recalled, the doctor said "Ginger can go home tomorrow." The mother who had

New Officers Are Selected By PTA Unit

HAILLEY, March 25—Theodore Broyle was elected president of the Halley PTA Monday evening. Mrs. Fred Muller was elected vice president, Mrs. A. F. Arnold, secretary, and Mrs. A. W. Helmers, treasurer. Plans for a county-wide drive were made at the PTA, held to send delegates to the state PTA meeting in April.

Janet Hazen played a "harinet" solo accompanied by the Halley PTA.

Joseph Peters, high school principal, with the Halley high school student council composed of David Jorgensen, Richard Swenson, Joseph Swanner, Darryl Robinson, Marilyn Simmers, Charles Brockway and Richard Neal, presented a student council meeting for the PTA.

Mrs. William Price led the prayer and the Halley PTA sang the PTA song. The meeting followed a refreshment.

New Officers for PTA Plan Events

Officers of the Halley PTA, elected Monday, discuss plans for the coming year with High School Principal Joseph Peters, left. Officers, left to right, are Mrs. Fred Muller, vice president; Theodore Broyle, president; and Mrs. C. F. Arnold, secretary. A. W. Helmers, treasurer, was not present. Arrangements for the coming year have not been named. (Staff photograph)

Real Business

LINCOLN, Ga., March 25 (AP)—A 13-year-old boy, Robert Matthews, up in business.

He raised the hound, sold her puppies for \$15, bought a sow and

Event Planned

CASTLEFORD, March 25—The Castleford Grange will hold its quarterly birthday potluck dinner at the Grange hall at 7:30 p. m. Friday.

A program will be presented following the April Fool's Day theme. All members are requested to come dressed in aprons and overalls.

Production of the eight major rains in the United States during the 1953-54 season totaled 155 1/2 million tons.

Experts Find Early Stages Of 3 Cancers

March 23 (U)—Boston experts have devised methods of early diagnosis in a relatively small group of patients with early-stage cancer of the brain, lungs, and stomach. The tip-off is a small, painless lump, which is often found by the patient himself.

Dr. J. H. Green, of the Massachusetts General Hospital, reported that he had found three such lumps in patients who later were found to have cancer of the brain, lungs, and stomach. The lumps were found by the patient himself, and were often found by the physician during a routine examination.

Dr. Green said that the lumps were found in patients who had no other symptoms of cancer. He said that the lumps were found in patients who had no other symptoms of cancer. He said that the lumps were found in patients who had no other symptoms of cancer.

Dr. Green said that the lumps were found in patients who had no other symptoms of cancer. He said that the lumps were found in patients who had no other symptoms of cancer. He said that the lumps were found in patients who had no other symptoms of cancer.

Governor Welcomed to Rotary

Idaho Gov. Len Jordan is welcomed to a Twin Falls Rotarian meeting Wednesday night by Carl Irwin, Twin Falls county representative in the state legislature, while Jack... committee, looks on. The governor... to Twin Falls to attend a... Rotarian meeting which... annual farmer's... photo... (U)

Jordan Urges Exchanges of U. S. Surplus

(From Page One)

Case, unlike industry, there was no causing of orders for peace-time products. Instead, the farmer was faced with a "terrific agricultural productivity without any outlet" for his surplus.

The remedial measure of high price supports have priced some products out of the market, he said, citing butter as an example.

Increased productivity, and the farming of virgin and marginal lands, the governor said, have contributed to the surplus that haunts us today. But he strongly cautioned against ever foregoing the principles of conservation and scientific agricultural advancement.

Governor Jordan was introduced to the Rotarians by Rep. Carl Irwin, Twin Falls county representative in the state senate, who praised him for fighting as a Hells canyon farmer in the depths of the depression to his present position as Idaho's governor.

Dinner of Board Honors Teachers

Teachers of Washington school were honored at a dinner given Wednesday night in the Rice Bowl by the executive board, grade children and room mother chairman of Washington school PTA.

Entertainment was furnished by a boys' state quartet from Twin Falls High school.

Mrs. George Brown was in charge of the event, assisted by Mrs. Joseph Weaver, Mrs. Joe Roberts was in charge of the reservations.

Events Listed

WENDELL, March 25—Mr. and Mrs. Bev Marshall and family have moved to Richland, Wash.

Albert Quick, Dazey, N. D., and Buddy Hanson, Hanford, N. D., are guests of Mr. and Mrs. Charles Gates.

Mr. and Mrs. J. A. Johansen, Corvallis, Oregon, are leaving for Utah, and California Monday after visiting their daughter, Mrs. William Pratt and family.

Funeral Held for Victim of Mishap

JEROME, March 23 (U)—Funeral services for Phyllis Ann Morris, accident victim, were held Wednesday afternoon at the Bucher funeral home with the Rev. Carl Founds, Gooding, officiating.

Mrs. Percy Brown, Gooding, was soloist. A quartet from the Nazarene church sang Mrs. Morris' favorite hymns.

Palibearers were Delton Scherer, Robert Johnson, Clarence Fallon, Mac Ambrose, Charles L'Hersson and Homer Tiberville. Concluding rites were held at the Jerome cemetery.

Leading Fiddler Drowns in River

LEWISTON, March 23 (U)—One of the best known fiddlers of the northwest, 66-year-old Millar Roberts, is dead.

The tiny, bearded man, who lived alone in a cabin on the bank of the south fork of the Clearwater, drowned in the river Wednesday under circumstances still not known.

Roberts won many fiddling prizes in his career, including the championship of the Northwest Mountain Fiddlers' contest at Weiser last April.

Solon Claims Union Smear

WASHINGTON, March 23 (U)—Rep. John L. Burdick, R., N.D., accused a self-styled former communist today of trying to smear the National Farmers union, one of the nation's major agricultural organizations.

Burdick also said the former red, Mrs. Helen W. Birnie, was "about as near the truth as the north pole is to the south pole" in her story of communist infiltration of midwestern farm groups during the early 1930's.

Mrs. Birnie, Long Beach, Calif., testified March 16 before the house un-American activities committee in Chicago. She said the communists planned to "merge all existing farm organizations into a farmers union or one farmers' organization."

Burdick, in a letter to his constituents, said "an attempt is being made to smear the Farmers' union of North Dakota."

The Farmers' union is the major farm organization in North and South Dakota and Minnesota but ranks far behind the American Farm Bureau federation in Iowa.

Elected

IDAHO STATE COLLEGE, Pocatello, March 23 (U)—Marguerite Phillips, Twin Falls, has been elected president of Alpha Omicron Pi social sorority at Idaho State college.

Other officers from Magic Valley are Fran Averett, Twin Falls, corresponding secretary, and senior Panhellenic representative, and Jean Schuppert, Shoshone, social chairman.

Children under 5 are about 11 per cent of the U. S. population.

Blizzard Makes Maneuvers Real

CAMP HALE, Colo., March 23 (U)—The army's big winter maneuvers, a battle for Tennessee page on the continental divide, became more realistic yesterday as howling blizzards blew across the high mountainous background.

Temperatures for the 10,000-foot area dropped to below zero as snow piled up, adding to the difficulty of moving troops and heavy equipment in some areas.

Major units involved in the war games is the 81st airborne regimental combat team from Ft. Campbell, Ky. Almost 5,000 paratroopers are defending the area against an "aggressor" force of about 10,000 who were trained for the attack at Ft. Riley, Kan.

About 4 per cent of the land of New York state is now urban.

WITH COUPON BELOW

SEE FOR YOURSELF WHY CRISCO IS PREFERRED MORE THAN 2 TO 1 OVER ANY OTHER BRAND OF SHORTENING!

GREATER CONVENIENCE MORE DELICIOUS FOODS EVERY-TIME AUTOMATICALLY!

Sunbeam
CONTROLLED HEAT
Automatic FRYPAN

Has Easy-to-See FRY-GUIDE and HEAT CONTROL DIAL right in the handle.

WATER-SEALED element for easy washing.

Simply set the dial and you get CONTROLLED HEAT for frying your favorite foods without guesswork. Shortening is always at the right temperature, resulting in less grease absorption. Foods are more delicious because their natural, flavorful juices are sealed in. New square shape. Plug into any outlet—and any place you wish. The bakelite base.

M & Y ELECTRIC
For your Westinghouse Appliance Store—Phone 154
441 Main Avenue East Twin Falls

And no wonder! Crisco gives you higher, lighter cakes... flaky, tender pie crust... crisp, digestible fried foods!

There's just no other shortening like the one and only Crisco. First of all, Crisco is pure, all-vegetable. Then, it's made differently... it's creamier than other vegetable shortenings. And Crisco comes to you fresher—stays fresh longer—than any other shortening you can buy! Keeps fresh without refrigeration, too.

What's more, Crisco has a wonderful baking discovery that helps hold the air in your cake batter. That means a lighter batter—a higher, lighter cake.

And as millions of good cooks know, you get flaky, tender pastry every time when you bake the Crisco way! Yes, Crisco ends pie crust failure!

Pure, all-vegetable Crisco makes it easy to fry foods evenly to crisp perfection... makes them light and digestible.

So why accept anything but the best—get Crisco this week end. See for yourself—try Crisco on this money-saving offer.

Beef, Chicken Top Best Buy List for Week

By The Associated Press
You'll find beef and chicken among the best buys in your food stores this week end, say food writers over the country show.

Actually, meat prices generally will be the same as a week ago, a little higher. But food men agree that items such as prime chuck roast, chopped beef and steaks, frying and cooking chickens will still give you the best value for money.

Steak's Increase
Steak will be a bit more costly—up 2 to 4 cents a pound in a number of places. Prime ribs won't show much price change. Leg of lamb will be 2 to 4 cents a pound in a number of places. Prime ribs won't show much price change. Leg of lamb will be 2 to 4 cents a pound in a number of places. Prime ribs won't show much price change. Leg of lamb will be 2 to 4 cents a pound in a number of places.

Egg Prices Same
Egg prices are much the same as a week ago. The poultry and egg national board reports that eggs are selling at wholesale at about 7 cents a dozen less than at this time last year.

Actress Ordered Nabbed on Sight
NEW YORK, March 23 (AP)—A magistrate today ordered actress Peggy Ann Garner arrested on sight because she ignored three traffic summonses.

The 26-year-old actress failed to appear in traffic court before Chief Magistrate John M. Murphy, despite a warning letter from Paul J. Altieri, head of the traffic summons control bureau.

The magistrate then signed a warrant for her arrest.

Award for Steel Contract Listed
WASHINGTON, March 23 (AP)—Interior Secretary McKay announced today award of a \$225,220 contract to Bethlehem Pacific Coast Steel Corporation, San Francisco, for about 3,200 tons of steel for the Bonneville power administration.

The steel is to be used by Bonneville in construction of the 110-mile McNary-Maupin No. 2 transmission line. This is the eastern half of the line to carry power from McNary dam on the Columbia river to southwestern Oregon.

At the time of Cleopatra, rich women made up their eyes by painting the lower lids green and the upper lids black.

Where U.S. Technicians Help

Map indicates how key French fortress of Dien Bien Phu in Indochina was assaulted by Vietnamese attackers from the north, south and east—with the communists' rebels stopped within half a mile of the heart of the fortress. Most of the war material used by the French in Dien Bien Phu is American-supplied, sent in by planes serviced by 140 American technicians working at two airports adjacent to Halphong (1) on the northern coast, and by 145 others located at Tonkinese (2) on the central coast. About 24 American civilians employed by the privately owned Civil Air Transport airline also are in Halphong to keep flying boxcars aloft.

Common Weed Source Found For Deadly Nerve Gas Antidote

LOS ANGELES, March 23 (AP)—A source for an antidote for deadly nerve gas, believed available only from certain countries, has been found in a hardy, southwest weed called jimson, it was disclosed today.

The announcement by the University of Southern California school of pharmacy credits Prof. Orville H. Miller and Paul Kalemian, a lecturer, with research leading to the discovery.

Miller said the antidote, atropine, has been known for some time but the United States has been forced to stockpile since foreign sources could be cut off in event of war. The discovery was made "about a year or two ago" and disclosed before research is completed because of last week's announcement that nerve gas was being manufactured in Denver, Miller said.

The gas, called GB, was described as tasteless, odorless and invisible and capable of killing within 30 seconds in event of sufficient dosage.

The plant, according to Miller and Kalemian, grows wild in California up to 5,000 feet and also is found along desert and beach areas. Alkaloids extracted from the jimson weed, known as atropine, also yield scopamine, used for motion sickness.

Miller said the plant was in "unlimited supply." He said the antidote could be given, usually by injection, prior to an expected exposure of nerve gas and give protection for two or three hours. Side-effects are not considered harmful, but overdosage could be poisonous.

Miller said he "understood" the armed forces have kits with atropine for personnel who might be exposed to a GB attack. He said he believed the source for the drug came chiefly from Balkan countries.

The short, unsightly weed is found in other southwest areas and Mexico. Miller believes cost of extracting atropine, also used for stomach ailments, would compare favorably with cost of the imported product. While USG is not producing it other than in small quantities for laboratory work, cost was estimated \$320 per pound. The plant yields an amazing two pounds of atropine and scopamine from a ton of leaves and stems, he said.

Nerve gas kills by interrupting nerve functions. Atropine reverses the process.

Miller, Culver City, Calif., is a native of Portland, Ore. Kalemian is a graduate of the University of Cairo in Egypt and lives here.

Student From Reich Speaks On Rural Life

Friedrich Rettig, German exchange student, talked to the Twin Falls Grange Wednesday night on the differences of rural life in the United States and Germany.

Rettig emphasized the difference in school life. He said students in the United States have much more freedom in the school and that students in Germany even go to school on Saturday. He also said that here pupils are told how to do things and learn from demonstrations whereas in his country they learn everything from books.

Like Americans because they say "what they think," Rettig said.

Rettig is one of 28 exchange students in the United States under the sponsorship of the national Grange. He will be graduated from Castleford high school in June and then return to Germany.

Others participating on the program were Clara Robertson, Marilyn Roth, Rosetta Melton, Odella Condie, Barbara Parish and Alice Whaling, who sang in a sextet, accompanied by Balle Haessler.

Mary D. Arrington gave a reading. During the business meeting, M. Z. Stansbury reported \$89.40 had been raised for the March of Dimes.

The group voted to give \$10 to the Red Cross.

Roth Oliver was presented a past master's pin. The Grange decided to hold an Easter picnic supper April 14 at the Grange hall and a Mexican supper April 24.

Mr. and Mrs. Mann Lehl and Mr. and Mrs. Ed Knowles served refreshments. Guests were Mr. and Mrs. Heber Loughmiller, Hollister.

Deep Slash in Federal Auto Cost Possible

WASHINGTON, March 25 (AP)—The general services administration estimates the government can cut its automobile bill by \$1 million a year by curbing the free-wheeling spending habits of federal agencies.

As a sample, GSA has informed congress it has affected savings of \$140,000 in 1963 by cutting an inter-agency motor pool and getting rid of 112 of the cars used in the Denver area.

GSA, the government's house-keeping agency, proposed revision of government's automobile policy before a house appropriations

subcommittee in budget hearings made public today.

As of last June, federal agencies were reported to be operating 260,000 commercial-type cars at a cost of 185 million dollars a year.

If congress will let him, GSA Administrator Edmund F. Manure said, he wants to put the government on the same automobile replacement basis as industry and pool a lot of automobile travel now done by among federal agencies.

Clothing Sought

KOEN, March 25—Clothing is being collected in Eden this week for children in this area.

School children are asked to bring discarded clothing to school to donate to the drive. Great coats, sweaters, shirts, and slacks.

Bee

A bee was blamed by Manie A. (Maw) Hensley, Twin Falls, when he lost control of his car and ran into a ditch Tuesday afternoon.

Hensley told Sheriff Jesse Carlton he lost control of his auto some five miles west of the city on highway 30 while he was swatting at the bee. Carlton estimated \$100 damage to the fender and side of the car.

Rupert Sheep Rancher Dies At Age of 54

RUPERT, March 25.—Services will be held for Vern Patterson, 54, Rupert, at 2:30 p.m. today at the Methodist church. The Rev. W. Terry officiating.

Mr. Patterson, a sheep rancher here since 1918, died at 8:10 p.m. Tuesday at his home after a long illness.

He was born July 30, 1890, at Hooper, Utah, and came to Elk Creek with his family in 1904. In 1918 Mr. Patterson moved to the Emerson ranch and bought his sheep and 10 miles of range. He married Mary in 1914. They have two sons, Lloyd and Paul, and a daughter, Mrs. Mary Rogers, and a half-brother, Dallas Rush, Nampa.

The body will lie in state Friday at Goodman mortuary until time of the services. Conclusive rites will be held at Paul cemetery.

Information Is Given for New Dredging Bill

BOISE, March 25.—Theodore H. Wegener, president of the Idaho Wildlife Federation, issued a statement in Boise today relative to the drafting of a proposed law with the secretary of state to control dredging operations.

If passed by the voters at the next election, the act will safeguard scenic areas in Idaho from despoliation by dredging or compel dredge companies to replace topsoil and clarify water in dredged areas to protect fish and wildlife habitat.

The Idaho Wildlife Federation is placing this issue before the people of Idaho because the federation firmly believes it is a fundamental problem so basic that it cannot be decided by any lesser body than all Idaho citizens, said Wegener.

"The purpose of this act is in any way to block progress but rather to foster all the possibilities for the development of Idaho's priceless natural resources through an orderly program of conservation."

"It is just good common sense to require that no scenic area be despoiled by dredging if the potential profit is not large enough to pay for restoration. It has been proven conclusively that scenic areas can be restored. That is all the Wildlife Federation is asking. Our rich and fertile mountain meadows are the result of an ageless natural process that is lost forever when dredged topsoil is allowed to be carried off in unclarified water. We ask only that controls be established to insure the restoration of dredgeable areas before the land is destroyed. The cost of restoration would rightfully be borne by the mining company that stands to make a profit from dredging. If the profit potential is lost, then the cost of restoration, obviously the land should not be destroyed."

"The Wildlife Federation is not placing this issue before the voters in order to discriminate against any single group of businesses but rather to insure the preservation of a natural heritage that belongs to all Idaho people for all time."

Potato Producer Secretary Named

M. O. Stratford, Idaho Falls, has been appointed secretary of the Idaho Potato Producers association, announced Ross Ward, Twin Falls, association president.

Stratford will assume his duties April 1, and will have his office in Idaho Falls. He will be the association's first full-time secretary.

Ward said Stratford was manager of the Idaho Shippers association for six years and has been associated in research studies on potatoes and is exceptionally well qualified.

Conference Held

DELO, March 25.—LDS ward conference was held Sunday at the LDS chapel. Present were those President Newell Baker and his counselors, Harvey Hill and Budd Carter.

Speakers were Bishop Harry D. Huntington, Carl Osterhout, Alton Griffin, Rex Jacobs, Wilford Griffith, Elmer Christensen, Raymond Johnson, President Baker, Hill and Carter.

A story was told for the children by Thelma Wendt.

CHAT HELD

SPRINGDALE, March 25.—Five girls met for a chat at Fred Larson's home with Beatrice Larson in charge.

Jaycees Open Membership Drive

Twin Falls Jaycees opened their annual membership drive with a breakfast at Wray's cafe Thursday morning. Names of prospective members were given in two-man membership teams following the breakfast. Ray Sherwood, left, is shown receiving one of the lists from Charles Schiffer, center, and William Baker, right. (Staff photo—enlarging)

Minimum of 30 New Members Sought by Jaycees' Campaign

Twin Falls Jaycees opened their annual membership drive Thursday morning with a goal of at least 30 new members.

Activities started at 8 a.m. with a breakfast at Wray's cafe. Plans for the drive were outlined by Charles Schiffer and William Baker, co-chairmen.

Membership is not limited to Twin Falls residents, they pointed out. Special emphasis is being placed upon signing members from rural areas adjacent to Twin Falls.

Following the breakfast, names of prospective members were given.

Company

BOISE, March 25.—Mrs. May Miller, who lives on a farm near Boise, filed suit for lost year's wages from Eyed Miller.

As community property she listed two alligators, three parakeets, two geese, two sheep, four chickens, one dog and one alligator pup.

Mrs. Miller offered to let her husband keep the alligator, goats, sheep, chickens, pup and one parakeet. But she said she wanted the dog and the other two parakeets.

Meetings Slated For Power Talks

BILLINGS, Mont., March 25.—L. W. Bartsch, assistant regional director of the bureau of reclamation, says a series of meetings will be held in the bureau's region 6 to discuss power allocation.

Meetings are scheduled April 5 in Sioux Falls, S. D.; April 6 in Blomington, N. D.; and April 7 here.

Bartsch said the bureau's power allocation program will be explained and proposals for sale of available power presented to municipal, rural electric cooperatives and public utilities.

A final session is planned April 8 in Twin Falls. There representatives from the various groups will express opinions on the power proposals.

Castleford Folks Relate Activities

CASTLEFORD, March 25.—Mrs. Willis Foreman, Aberdeen, has returned home after visiting at the home of her parents, Mr. and Mrs. Roy Haley.

Mr. and Mrs. Doyle Webb have received word from their son, Sgt. Bill Webb, that he has arrived at Ft. Reno, Tex., following 3 1/2 months on Guam.

Mr. and Mrs. Gene Reed and family have moved to Caldwell.

Mr. and Mrs. Roland Seftin and family, Portland, Ore., have been visiting his parents, Mr. and Mrs. Fred Seftin.

MEETING CALLED

SHOSHONE, March 25.—Correction meeting for the LDS church will be held at 8 p.m. Monday at the chapel. Each Sunday school officers will be present. All ward officers and teachers of auxiliaries are urged to attend.

Crashes Cost Passes Funds Put on Roads

NEW YORK, March 25.—Motor vehicle accidents cost Idaho one and one-half times as much as the state spends on the highway program, according to a national study.

In 1952, the study shows that accidents in the state cost \$10,000,000, an average of 78 injuries and 125 deaths. Walter Landell, vice president of CIT Financial corporation and executive director of the Automobile Safety Council, in that year, he said, state and federal expenditures on highways totaled \$12,341,000 in Idaho.

Landell pointed out that the most of traffic accidents involves property damage, wage losses, medical expenses and cost of lost time. The National Safety Council has determined that for every traffic death there is an average of 78 injuries and 125 accidents and a cost of \$10,000. The study also shows that the cost of property damage and injuries is \$1,000 for every \$100,000 lost in wages.

"If the money lost because of needless highway accidents could be used to improve roads," Landell said, "the highway hazards which cause accidents could be largely eliminated."

Motor vehicle accidents cost the nation an estimated \$3,750,000,000 in 1952, Landell said, and probably cost about \$7,750,000,000 last year. State losses in 1952 ranged from California's \$177,440,000 to Vermont's \$355,000.

Boy Frees Dog, Plus 20 Others

BIRMINGHAM, March 25.—Billy McGowan, 12, freed his pal Jiggs and about 20 other dogs when he went to the city pound for a "lost visit" with Jiggs.

Jiggs was safe at home, securely chained today. But police told Billy he would have to report to them all the dogs.

Pound Manager Karl R. Murchison said he still hasn't counted up all the dogs.

Jiggs was picked up by a dog catcher several days ago.

Billy was told it would take \$5 to save his pet from the gas chamber. He said that when he asked if the pound would wait until his mother was paid, he was told that would be too late.

Anyhow, the heartless boy went to the dog pound and pulled a peg that released the door.

Jiggs landed in Billy's arms, but the other dogs kept going.

Plans Discussed

SHOSHONE, March 25.—Plans for 4-11 work during the coming year were discussed and demonstrated and topics chosen at a meeting of the Midget Homemakers 4-11 club recently at the home of their leader, Mrs. Jack Edwards, Dietrich.

Mrs. V. C. Ross, north of Shoshone, and her 4-11 members are to be guests of the club at the April 10 meeting.

Mrs. V. C. Ross, north of Shoshone, and her 4-11 members are to be guests of the club at the April 10 meeting.

Guest Speaker

ELDER G. W. CHAMBERS

... who will be guest speaker at the Twin Falls Adventist church on Friday and Saturday, former pastor of the Twin Falls church.

Youth Leader To Talk Here

Elder George W. Chambers, youth leader from Portland, Ore., will be guest speaker at the Twin Falls Adventist church on Friday and Saturday. Sessions begin at 8 p.m. Friday in the First Seventh-day Adventist church and continue at 11 a.m. Saturday in the Twin Falls church.

Mr. Chambers is also war service commission secretary for the Seventh-day Adventist church in four northwestern states. Among other things, he deals with problems pertaining to servicemen. He will tell of his recent trip to Alaska to attend the trial of four Seventh-day Adventist servicemen.

He has been in youth work for the last 14 years, seven as youth leader for the North Pacific Union with headquarters at Portland. Before taking up this work, he was pastor of the Twin Falls church, leaving here in 1940 to accept leadership of Oregon youth, later serving in the same capacity for eastern Washington, with headquarters at Spokane.

He has chosen "Be Thou Faithful" for his theme.

Expert Finds Insect Aids in Weed Control

TUCSON, Ariz., March 25.—The first attempt to control weeds in the United States by using insects was reported today.

The 14th western weed control conference was told that imported beetles are doing such a job of work on California weeds that valuable crops in some areas have been saved.

The report was given by James K. Holloway of the entomology research branch of the U. S. department of agriculture's yearling service. He said there was no danger the beetles might damage crops while plants.

"California weed had made serious inroads to the pasture lands in northern California," Holloway reported to the closing session of the death.

Work of LDS Missionaries Told at Meet

JEROME, March 25—Speaking on the missionary work of the LDS church, Elder Spencer W. Kimball, Salt Lake City, member of the council of 12, reported that 6,209 adult converts were baptized in the first nine months of the year. Elder Kimball was the principal speaker and president at the quarterly conference of the Gooding stake held in the Gooding hotel last night.

President Kimball of the LDS church, conducted the morning session. He reported on missionary and church work of the stake since the last conference. He said 150 converts were baptized into the LDS church since the last conference.

Also speaking at the meeting was J. Wendell "Duke" Peterson, president of the Gooding Stake, who reported on the work of the Gooding Stake since the last conference.

Music for the morning session was provided by the choir from various wards under the direction of Nellie Weaver, Wendell Maurine Byington, Wendell, was accompanied by Dalton Gooding, song.

The benediction was given by Vivian Davenport, Gooding.

Afternoon Session

President Ray Dixon, Jerome, conducted the afternoon session. The invocation was given by Pastor C. Funk, Fairfield, Del.

Speakers were: Elder Baxter Camp, Gooding; Iva Lou Peterson, instructor at BYU and a member of board of YMCA, and C. Alden Johnson, Gooding; president of stake mission, Elder Kimball also spoke, discussing the principles of obedience.

The Fairfield ward choir, directed by Robert Donahus, sang, Emerson Pugnnett, Hagerman, gave the benediction.

The evening session was conducted by the stake MIA with Rupt. Vern Tomlinson, Jerome, in charge. The invocation was given by James Armitage, Fairfield. The MIA theme was given by Elaine Anderson, Glenna Perry, Scipitara was read by Ann Williams, Glenna Perry. Talks were given by Lewis Hall, Boy Scout, Wendell, and Tamara Tibby, Dea Hivo girl, Jerome.

Award Presented

Mrs. Chauncey Willard, Wendell, President, presented the golden gleaser award for outstanding work to Lorna Call, Jerome. Mrs. A. B. Crouch, Jerome, former gleaser leader, made the presentation.

Tomlinson presented a trophy to Dale Peterson, superintendent of the Jerome second ward MIA, as winners of the stake championship basketball tourney.

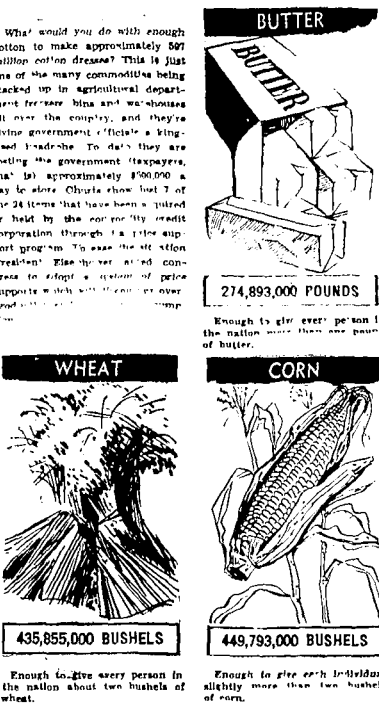

Speakers were Bishop Wilford Rogers, Oakley, and Elder Spencer, who urged LDS youth to marry within the church and live lives worthy of temple marriage.

Music included a saxophone trio, composed of Marilyn Thompson, Jean Thompson and Cecil Durrant, accompanied by Mrs. Cecil Durrant, Ella Mae Parker, Wendell, led singing and Maurine Gough, Jerome, was organist.

Two meetings of the conference were held in Gooding Saturday night with President Kimball conducting. At the missionary meeting Francis Hulet, Wendell, gave the invocation and Lavelle Gooding, the benediction. Elder Kimball showed films on missionary work.

The priesthood meeting was conducted by President Dixon. Elder Kimball spoke on the importance of the priesthood. Herick M. Drake, Jerome, gave the invocation and Dalton Johnson, Jerome, the benediction. A men's chorus from various wards provided the music.

Chart Gives Idea of Vastness of

Nation's Surplus Commodities

Enough to give every person in the nation more than one pound of butter.

Every person in the U. S. could eat about three pounds of milk a day.

There's enough surplus to give everyone more than one pound of cheese.

Enough to give every person in the nation about two bushels of wheat.

Enough to give each individual slightly more than two bushels of corn.

Approximately 597 million house dresses could be made from surplus cotton.

Enough to make approximately 19 million men's business suits.

Doctor Urges Associates to Help Patients

CLEVELAND, March 25—A physician who once was an ordained minister criticizes doctors "who feel that God made them, and everybody else just happened."

Dr. Robert M. Myers of Kansas City, Mo., made the remark in urging doctors to become more businesslike in dealing with patients' economic prospective mothers.

Speaking in the American Academy of Clinical Medicine, Dr. Myers said:

"I have a very definite conviction that the professional doctor interested in the patient, and thinking only of getting as soon as possible, does far more to harm the patient than he does to help him."

Dr. Myers said that a complete individual instead of seeing him only as a machine which shall produce a birth to a baby, he said.

"Economic fear is also one of the complications of pregnancy. I feel the patient has the right to know almost exactly to the dollar what the baby is going to cost. I would far rather hear my patients say, 'Is that all you are going to charge me?' instead of, 'My doctor cost me a fortune!'"

Dr. Myers said "If we have any sense to assist as the American Academy of General Practice, I believe it is primarily to bring the very best medical care at the very lowest possible cost to the most number of patients."

proposal, he is ready to recommend that the dairy products support-price level be increased above 75 per cent. If this step is necessary to increase production for an adequate U. S. supply.

But the big question now is whether President Eisenhower will veto a bill to continue all support prices at 80 per cent of parity, if congress passes it against his recommendation.

produced a bill to dispose of surpluses to the unemployed.

Other ideas include one plan to use the dried milk as poultry food. Selling the surplus cheese abroad at world prices is risky business because it would upset foreign markets of countries such as the Netherlands, which have a big export business in cheese. As if there weren't headache enough, dairy state congressmen, headed by Senators Edward J. Thye, R., Hubert H. Humphrey, D., and Rep. August H. Anderson, all Minnesota, have introduced a bill to prevent the secretary of agriculture from reducing the dairy products support-price level from 90 to 75 per cent of parity. The idea is to limit the change to 5 per cent a year.

While Secretary Benson says he is opposed to the Thye-Humphrey

Control of Grass Is Not Solved Yet

TUCSON, Ariz., March 25—The serious problem of controlling Johnson grass in the fertile Rio Grande valley of New Mexico is still unsolved, the 14th western weed control conference was told here.

J. Wayne Whitworth, New Mexico college, said neither bromine from Mexico, pease, chemicals sold to them nor oils have been able to solve the job.

Johnson grass grows along irrigation canals and ditches, sucking up large quantities of New Mexico's irrigating water resources.

Whitworth predicted the problem of Johnson grass will remain unsolved unless a cheaper, simpler method is found that the farmers can use.

Record of Driver Helps With Judge

ST. LOUIS, March 25—In his police trail Thomas Morrow to his home and arrested him on a charge of driving 45 miles an hour in a 20-mile an hour zone here.

"I tested them had the wrong man," Morrow, a truck driver, pleaded.

Robert G. Dowd, To support his statement, Morrow showed the judge six safe driving awards and a perfect driving record.

Dowd was impressed. "I don't want to ruin your record," he said. "Because of your record I resolve the doubt in your favor. Not guilty."

LEAVE DETRICH

DETROICH, March 25—Mr. and Mrs. John Millard, Jr., and daughter have returned to Portland after visiting his parents, Mr. and Mrs. John Millard.

Action on Farm Surplus Problem Gets More Difficult Every Day for Benson

By PETER EDSON

WASHINGTON (AP)—In spite of all the bright-and-shiny, early-spring-sunshine optimism that pervades the office of Agriculture Secretary Ezra Tamm, doing something about the U. S. farm situation in Washington seems to get more complicated every day.

Sen. George D. Aiken of Vermont, chairman of the senate agriculture committee, is scheduled to introduce legislation to carry out the Eisenhower administration's new farm program any day now. But it faces an uncertain future. There is no little support for the administration program in the house that it cannot be introduced there.

Rep. Clifford Hope of Kansas, chairman of the house agriculture committee, has his own plan to let farmers decide what kind of a farm program they want by national referendum. He would then put into law the two most acceptable programs for each commodity.

To top this, the congressional joint committee on the economy has thrown more cold water on the administration's program. "We are doubtful whether any program which seeks to bring about a balance between agricultural production and consumption... through the contraction of acreage can, in the long run, be successful," says this committee.

Price supports without production controls having been proved completely unworkable in the potato program, a removal of acreage limit-

tations on price-supported crops would obviously throw the farm economy into dizzy over-production. And it would cost the government billions of dollars. Yet these are the recommendations of supposedly responsible congressmen after solemn deliberations.

Meanwhile, under the existing price-support programs, the surpluses continue to pile up. Cotton stocks are now estimated at 90 million dollars, dairy supplies at 305 million dollars, vegetable oils at 235 million dollars, naval stores at 27 million dollars, and 62 million dollars grains at 1.91 billion dollars. The grand total is over 27 billion dollars.

The No. 1 riddle in Washington is how to get rid of 'em.

Under the Eisenhower program, a part of the surplus would be put in a strategic reserve. But the rest of it would have to be sacrificed. And here Secretary Benson comes right out and says it will have to be disposed of at a loss. This loss will easily run to the hundred-million-dollar figure. It might even reach the billion mark.

Take the dairy surplus as an example. It is now held in the form of butter, cheese and dried milk. Department of agriculture has been working on a surplus disposal plan for some time, but isn't quite ready to announce it.

Among the proposals under consideration are greater sales to foreign countries at world market

MAGIC VALLEY'S BOXING CLUB GRABS 3 AAU CHAMPIONSHIPS

Tommy Hostetler Captures 9-Pound Novice Crown; Gene Turley Defeats Long

LAKE CITY, March 25 (AP)—The Magic Valley Boxing Club won three AAU championships in the finals of the Intermountain AAU boxing tournament in Salt Lake City today. Tommy Hostetler, 19, captured the 9-pound novice crown, and Gene Turley, 18, won the 156-pound novice crown. Turley was voted outstanding novice boxer.

Even Champs, Players Melt in Springtime

ST. PETERSBURG, Fla., March 25 (AP)—The springtime is a period of easy fraternization between baseball players and umpires, a short spring during which the athletes and men in blue declare a truce and even seem to enjoy each other's company. It is one of the phenomena of spring training.

So Charlie Berry, a veteran of the American league staff was reclining at ease on the St. Petersburg bench when he yawned about the late Bill Klem, a sort of umpire's patron saint.

"I worked with Bill in his last exhibition series," Berry recalled. "He was getting old, but he hadn't called a game in two years, but when Branch Rickey begged him to come out of retirement long enough to work a few of his exhibitions, Bill couldn't resist."

"Well, I never saw a more beautiful job being done in my life than that he did in those games. In the final one, especially, there wasn't a call that could even have been questioned. When it ended, I went to shake his hand."

"Easiest thing I ever did in my life," Charlie, he boomed. "Look, I can't see a thing out of this eye (his right eye) and I can see only a little out of the other one. I just wanted to prove to those guys that it wasn't easy to make a great umpire—it is!"

"He was happy, and it would have been a perfect ending, except that some fellows in the stands leaped over the rail as we were going out and said 'Nice work, Charlie. That did it. In an instant, Bill called it at the top of his lungs and I had to hold him to keep him out of the stands.'"

It was John McGraw, Berry said, who hung the prize on Klem, which stirred him to a frenzy to his dying day and which many times caused him to lose his temper with managers and players. McGraw claimed to see a facial resemblance between Klem and his underwriter namesake.

Worsham Wins First Tourney Since 'Tame'

PALE BEACH, Fla., March 25 (AP)—Low Worsham won his first golf tournament Wednesday since the spectacular wedge shot that captured the title in his first tourney last year's Amateur Open in Chicago. The chunky Oklahoma Pro, 36, fired a 4-under-par 68 for the second win that day to win the \$10,000 top prize as low pro in the 36-hole tournament at the Seminole Golf Club.

Worsham beat out Jim Ferrier, San Francisco, by four strokes. Ferrier, 37, was third, and another stroke back.

Ed Kroll, New Bedford, N. Y., teamed with R. A. Rye, Morgan town, Pa., steel executive, to win the pro-amateur division with a total score of 129. Kroll's victory was worth \$10,000 to Kroll.

Kroll, who led the pro with a 63 in the first round, sagged to a 76 in the second, but came back to win with a 12 handicap, helped him win 10 strokes.

The prize cut at \$7,000 in the individual department and \$3,000 in the pro-amateur division. Kroll's victory was worth \$10,000 to Kroll.

But Kroll, making use of his late tournament appearance, showed the effects of his long layoff when he finished in the last sixth at 143.

Philly Kids' May Revert Forlorn Phils' in '54

ATLANTA, March 25 (AP)—The Philadelphia Phillies' 1954 season may be a replay of the 1953 season, which ended in a 100-year low for the team. The Phillies' 1954 season may be a replay of the 1953 season, which ended in a 100-year low for the team.

A final first inning of Tompkins at first base at second, Kuznetsov at short, and Jones at third could not help enough. If Tompkins and Jones had the ball this time, the Phillies would be weak at the plate.

They have two promising rookies, Mickey Mickeles and Ron Tompkins, but both may be a year away from the majors. Tompkins, 21, is a right-handed pitcher who has been in the minors since 1952.

In case Jones should fail, Tompkins would be the backup. Jones, 21, is a left-handed pitcher who has been in the minors since 1952.

Grapefruit Loop Dirties Uniforms

Around the Grapefruit circuit, newly-laundered uniforms are getting dirtied up a bit. Jim Brindley of the Yankees looks up at the plate ahead of the bat by catcher Marmolich of the Cleveland Reds.

Shoshone Club Prepares for District Meet

SHOSHONE, March 25 (AP)—Final plans for the Fourth District Sportsman's association meeting, set for here April 3, were discussed at a meeting of the local Rod and Gun Club today.

Robert Farnbauer, president of the club, introduced R. A. Adamson, Carey, who will be master of ceremonies at the district meeting banquet.

Mrs. F. N. Stowell, president of the Muskegon auxiliary, which will provide the banquet, met with the group to discuss plans.

Reports were given by George Rosellier, repair and upkeep of the fish truck; Floyd Silva, transplanting fish; Harry Tewe, big game; Dennis Everett, membership; Chalmers Martin, muskrats; Roy Bean, pelicans, and Earl White, birds.

Claude Matthews, conservation officer, said there was no sign of winter kill among the deer and elk this year.

Jack Keith suggested the club cooperate with the Boy Scouts and destroy muskrat nests with their assistance.

They Vie for Stock Show Queen Title

The three finalists for queen of the Little International Livestock show scheduled at the University of Idaho for May 3 to 8 pose with "Idaho Harry Joy" at the university. From left, they are Eleanor Henry, Gooding; Ruth Ann Korvela, Orofino; and Billie Hanchey, Twin Falls. The finalists were selected by students of the Agricultural club. The queen will be chosen at the club banquet April 30. Included in the original 11 nominees for the contest were Marilyn Robbins, Hansen; and Pauline Frostenson, Fairfield. (University press service photo—staff engraving)

Exterminator Is Shot From Chute

MONTGOMERY, Ala., March 25 (U.P.)—A termite exterminator was fired through a coal chute like a human cannon ball when a boiler exploded.

Ray Jordan, 41, landed 40 feet away just shy of a concrete driveway, picked himself up and started running. He was hospitalized with burns, but his condition was reported good.

Fire Chief R. L. Lamplsey said the blast was believed to have been caused by an anti-termite solution coming in contact with a pilot light in the boiler. Flames destroyed the one-story frame residence.

Jordan was backing down the funnel-like coal chute into the basement when the boiler let go.

SPEAKERS LISTED
SPRINGDALE, March 25—Speakers at the Farmers Union meeting Monday were Edwin Ames, Bill Pierce and Jean Graf.

Deaths Prevented by Vaccines Use

March 25 (U.S. Vac-
cines) After they're
with effective insurance
against whooping cough
check a family doctor
for the arm against
whooping cough, ex-
posed to 10 to 15 months old
children.

Benefit Good
D. Chamberlain,
Twin Falls, says that
the use of good vaccines
has been a part of the routine
of his practice since the
beginning of the century.
He says that whooping
cough has been a major
cause of death in the family
community, he says in an
address to the American Academy
of Pediatrics.

From 1940 and 1941 in his rural
Twin Falls community, O. there
was a case of whooping
cough among 10 to 12
children, he said.

Deaths Reduced
There has not been a
case of whooping cough, ex-
posed to 10 to 15 months old
children.

Chamberlain called government
which show whooping
cough babies from 1 to 12
months old.

Plaque Presented for Blood Drive

Max L. R. Anderson, left, Twin Falls Exchange club president, accepts a plaque from Martin Fox, Twin Falls Red Cross blood program chairman, for the club's efforts in alerting up donors for the recent bloodmobile. Looking on is Elizabeth Reilly, local Red Cross chapter chairman. The Exchange club won the award by defeating the Twin Falls Jaycees in a contest to sign the most blood donors. (photo-entraping)

Soldier, Hidden Policeman Differ

SAN FRANCISCO, March 25 (U.S. Press) — Robert A. Arrellano was hauled into municipal court for shooting blanks at a clump of bushes from behind the foliage.

Patrolman T. A. Smith told the court he might have been killed if Arrellano had a live shell in his revolver as well as 11 blanks.

Arrellano replied the soldier's new which chambers were loaded with blanks, how did I know that?

Smith admitted he was talking from his own suspicion.

Arrellano drew a .38-caliber revolver. But his revolver was empty yet. The army man said something about it.

Our whiskey is made with skill and To give it taste beyond compare

Priesthood of Church Meets

SHOSHONE, March 25—The danger to American democracy is the threat "not to privacy of property but to property of privacy," Dr. Bingham Madison, Provo, Utah, associate professor of history at Brigham Young university, told members of Blaine stake Melchizedek priesthood and their wives at a meeting Monday night at the Shoshone LDS church.

Dr. Madison traced the country's movement for religious freedom and the development of democracy. He said that in the effort to control communism, the people must decide on the line of safety and order on one hand and liberty on the other.

"If we loose religious freedom, we loose democracy," he said.

Bufford Kirkland, Carey, stake high councilman, conducted the meeting with Don Dilworth and K. Barney, also Carey, in charge of singing.

Allen Thorne, Shoshone, played a piano solo. M. J. Dille, Shoshone, played musical numbers and a woman's trio, composed of Joyce Astor, Betty Hall and Wilma Buhler, Halley, sang. Prayers were given by P. L. Manwell and Joseph Vite.

Woman Fails See "Fun" in Reading Meters

IDAHO CITY, March 25 (U.S. Press) — L. G. Robinson did a show with pennies.

Robinson feeding the pennies of cars parked over the line of the city's Temple of the Sun.

Robinson, who is a guide at Temple of the Sun, said she doesn't like to see people feed pennies.

Robinson took a different approach. Robinson, who is a guide at Temple of the Sun, said she doesn't like to see people feed pennies.

Robinson took a different approach. Robinson, who is a guide at Temple of the Sun, said she doesn't like to see people feed pennies.

Wendell Seniors Plan Annual Ball

WENDELL, March 25— "Circle in the Moonlight" will be the theme of the semi-formal senior ball at the Wendell high school Friday evening.

The grand march will be headed by Lawrence Frith, class president, and his partner, Emma Lee Berry. Mr. and Mrs. Roy Irons and Mr. and Mrs. H. & L. Lamb will be chaperones.

Proceeding the ball the seniors will be the guests at the annual junior and senior banquet at the grade school. Mothers of junior class members assisted by cooks of the hot lunch program, will prepare and serve the banquet.

There's pepper and then there's Schilling Pepper!

Legion Show For Hailey to Have 14 Acts

HAILEY, March 25.—Oscar Cline, director of the annual Legion Locomotion which will be presented April 2 and 3, reports that there will be 14 acts in the show.

Winston McGee, Ed Bogle and Nate Scott all will be featured again this year.

Officers of the Legion working on the show are: Theron Buhler, commander and general chairman; Virgil McPherson, vice commander; Eldon Ames, assistant; James Leffler, chairman; John Holliger, financial; Kenneth Barrell, sergeant-at-arms; Fred Allen, secretary; and Delmar Nicholson, historian.

Auxiliary officers are Mrs. Louise Stevens, Mrs. Leffler and Mrs. Rutter, contact; Allen, Nicholson, McPherson and H. H. Neal, Jr., property; Joe Antonio and Lyle Brannan, seating; Don Downard, Albert Schaeferberger, J. B. Dering, Scott, lights and sound, and Holliger and Theron Buhler, finance.

Road Project to Slow up Traffic

BOISE, March 25 (UP)—The state highway department said today there would be delays on U. S. highway 10 north of Riggs because of a heavy highway construction project between Riggs and Lucile.

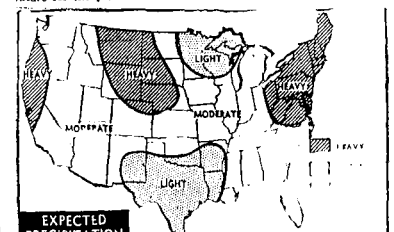

The road passes through a narrow 8-mile stretch of Galtion river canyon where there is no room for a detour. Bypassing will make it necessary to close the highway at certain times of day.

The department has distributed posters saying the road will be open at 7, 8:30 and 10:30 a. m. and 1:30, 3:30, 5:30 and 9:30 p. m. The road will be open from midnight until 7 a. m. also.

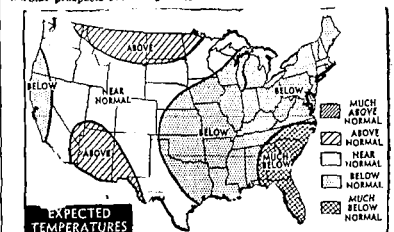

The project is scheduled for completion by Sept. 15.

What to Expect

The weather maps below give you the U. S. weather bureau's forecast for mid-March to mid-April. It is not a forecast for the usual season but is an estimate of the average rain or snowfall for the period.

Precipitation during mid-March to mid-April is expected to be normal in the northwest, northern plains and normal prospects are in sight for Texas.

Temperatures during mid-March to mid-April to be below seasonal normals over eastern half of the nation. Seasonal normals expected over half of U. S., but west coast will have below normal temperatures.

Lawyers Hired

SHOSHONE, March 25.—The Murphy and Schwartz law firm was hired by the Shoshone school board at a special meeting Monday night to formulate plans for a school bond election.

An election date probably will be set by the board before the regular meeting date in April.

Andrew Bowles, Boise, architect, met with the board.

Hank Decides Against Garden To Avoid "Smothering" Seeds

By HENRY McLEMORE
When I was looking for a house to rent a couple of weeks ago, all the owners and all the agents talked to put great emphasis on the fact that their places had lots of room for a garden.

I didn't tell them so, but that was the last thing they should have told me if they were interested in closing a deal. It has been my life ambition to live in a house that occupied every inch of the land.

A 60 by 90 house on a 60 by 60 lot. Or a 30 by 20 on a 30 by 30 lot. I'll take a 30 by 20 on a 30 by 30 lot.

You see, if a man has any spare ground around his house it is his duty as an American citizen, as a worthwhile member of the community, to plant a garden. If he doesn't he'll find himself in an actual outcast, a man who is suspect, a man who is just not the right sort. And his wife will suffer, too, because the neighbors will wonder what sort of a woman she is to have joined hands with a man who doesn't care for weed pulling, raking, hoeing and spreading fertilizer.

American husbands just must operate a garden if they have any spare to operate on. I don't know why this is, but it's true. Maybe it's a holdover from the Plymouth Rock days when a man had to have a garden or starve to death.

Even if I liked gardening, it wouldn't be fair to me to have one. I wouldn't be playing fair to the seeds. The latent life in a seed is one of Nature's awesome and magnificent mysteries and for me to take a seed and bury it in the ground and smother it to death, is wrong.

And that is what always happens when I am unfortunate enough to live in a place with grounds and yield to pressure and start a garden. The thousands of innocent seeds that I have put to death weigh heavy on my conscience, and the worst nightmare I ever had was one in which all the potential petunias, snapdragons, nasturtiums, begonias and marigolds came back to haunt me.

I can still see those double-ruffled petunias leaning over the headboard and crying "Murderer!" at me. And the tears on the faces of the begonias, and the sad, broken-hearted expressions on the faces of the roses.

Maybe I shouldn't admit it, but I am too physically constituted for gardening. For polo, yes. For handling the wheel of a yacht in dirty weather, yes. For sleeping until around noon, yes. But for bending over and pulling weeds, no. For

training sweetpeas to do acrobatics on a string and trellis, no. For trotting up and down between furrows, no.

The only type of garden I ever saw which I believe I might possibly handle, I saw in Japan. The Japanese are great ones for rock gardens. For the kind of rock gardens we have in this country, in which flowers are scattered among the rocks.

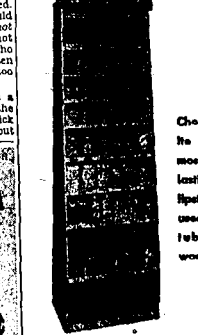

The Japanese mean rock gardens when they say rock gardens. Nothing but rocks, attractively arranged. I am not sure, but I feel as if I could take care of a rock. There are not many birds who peck at rocks, not many beetles and caterpillars who like rock for a diet, and it isn't often that a rock is killed by frost or too much sun.

The place we have rented has a few extra feet of ground around the house, so I think I'll start a brick garden. It won't look too good, but

at least I'll be able to answer "yes" when anyone asks me if I am doing any gardening this spring.

ENTIRELY NEW and SENSATIONAL Never Before An Appliance Like This

Sunbeam CONTROLLED HEAT Automatic FRYPAN

You get the perfect CONTROLLED HEAT for more delicious cooking by simply setting the DIAL.

Easy-to-See FRY-GUIDE gives you recommended frying temperature for your favorite dishes.

Easy-to-Set HEAT CONTROL DIAL right in the handle, always at your finger tips.

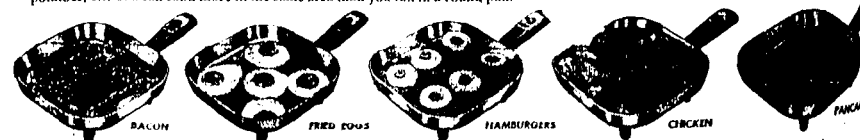

Everything You Cook Will Be More Delicious because you get the CORRECT HEAT every time

Up to now you have been able to get perfect baking and cooking temperatures in the oven of your stove because of automatic heat control, but when frying or cooking on top of the stove you have never known whether or not the heat was too high or too low, which often results in cooking failures. The temperature of the open flame will vary. Unless the heating element is embedded in the frying pan you will not get accurate transfer of the heat.

Now, with the new Sunbeam Automatic Frypan you can fry and cook at the correct controlled heat every time. The Sunbeam's highly accurate thermostatic control maintains the perfect heat for wonderful cooking and frying results without constant watching. No guesswork. The shortening is always at just the right temperature, resulting in less grease absorption into the food.

Sunbeam's square design makes it ideal for frying home-fried, hashed brown potatoes, etc. You can cook more in the same area than you can in a round pan.

Texas City Is Pleased Over Pay for Blast

TEXAS CITY, Tex., March 25 (AP)—Residents of this bustling industrial port, devastated by an explosion nearly a year ago, today are smiling as a congressional committee recommended the federal government pay damages for the blast.

Some 500 persons were killed and thousands were injured in the Texas City explosion on June 16, 1947.

The tremendous explosion began in a nitrate loaded ship, the freighter SS Grandcamp.

More ships exploded and landed vast chemical and other goods, leaving the city a wasteland as it had been bombed.

Lawsuits stemming from the explosion have been in the courts ever since, and the supreme court ruled last year the federal government could not be held liable for damage.

But the house judiciary committee said the government was wholly responsible and recommended that congress pass a law to pay claims.

Individual survivors would get up to \$10,000 and industrial firms would get up to \$1,000,000, according to the proposal.

Living Off Donations
Widows and orphans who have been living off donations greeted the news with quiet satisfaction. But some feared it might be years before the money finally arrived.

The hundreds of widows and children and other relatives of the persons killed had been aided by the charity of Texans and persons in other states. Donations ranging from a dime up to thousands of dollars built up a private fund of more than \$1,000,000. The Red Cross also spent more than \$1,000,000 in relief during the first year after the blast.

The private fund was exhausted several months ago.

Three Chairmen

IDAHO STATE COLLEGE, Pocatello, March 25—Three Magic Valley students are committee chairmen for the annual Idaho State college all-college ball to be held Saturday at the Student Union ball room.

Donna Trabert, Twin Falls, is co-chairman of favors, Ann Reed, Pocatello, is co-chairman of decorations, and Barbara Bickford, Twin Falls, co-chairman of refreshments.

Director

IDA C. HUNT

College Choir to Present Concert

PAUL, March 25—The Yankton college choir, Yankton, S. D., will sing at the Paul Congressional church at 8 p.m. Monday.

The choir is on tour and expects to go as far west as Portland.

Ben Knapp, son of Mr. and Mrs. Knapp, Knapp, is business manager and a member of the organization. He is a third year student in the school of theology at the college.

There will be no charge for the concert but an offering will be taken to help defray the expenses of the tour.

Fellowship's Rally Planned by Group

WENDELL, March 25—Final plans were made Sunday for the Westminister Fellowship rally Sunday March 28 in Wendell.

Joann Berry, moderator of the Wendell group, will give the address of welcome. Harold Ruby, fellowship chairman, will be in charge of recreation. Stanton Lamb, outreach chairman, will be in charge of one of the seminars. Dinner will be served at 6 p. m. by the Mariners club.

Emma Lee Berry and Stanton Lamb were in charge of the devotions and the lesson Sunday.

Fathers of Teen-Agers Given Advice of Expert: Join Them

By HAY MOORE

NEW YORK, March 25 (AP)—There is a "thing" more puzzling than being a teen-ager. It is the problem of being a teen-ager's father.

You can't even solve this one by duck. The correspondence school duck the subject, although they can teach you to understand a lot of things, and other simple ones at the time.

But to be a teen-ager's father is a plain rule of thumb you can't feel like at least dwell on the same place as the teen-ager's father.

"Since you can't duck, you must not join them."

This advice comes from Father Rand, at 25 a retired teen-ager himself, but one who has kept in touch with the field. He is president of the Youth Research Institute.

The organization makes business surveys for firms selling youth products. It has a staff of 1,800 youngsters scattered over the nation who tattle about asking other youngsters such questions as:

"Junior, what are your buying habits? Why not give this new brand of bubble gum a 30-day test and see if you don't really find it easier on your jaws than the brand you are now using?"

Hand, a specialist in the 6-to-25 age bracket, said it takes a strong man to be the father of present-day teen-agers and added, "even the strong will find it a trying period."

But he went on to say that it is not tougher to be a teen-ager now than it was when Dad was a boy, and the way for Dad to meet the situation is to climb out of his rut.

and approve of them heartily, no matter how ridiculous they seem. "Pick up a few teen-age expressions such as 'this tears me up' (Really like it), 'cast an eyeball' (glance), 'Clippy' (really great), or 'Petunia' (silly)."

"Otherwise you'll be tabbed 'square,' and that means you're 'kind of not too goodish,' or 'bad.' But don't try to learn too much teen-age talk. Kids resent your intruding on their privacy."

Everything clear now, dad? To understand your teen-age boy or girl just become one yourself. This gets the problem off your shoulders, but leaves mother the task of dealing with two teen-agers in the family, one new and one second hand.

Remember them to say, "Oh, pain. Oh agony." That's teen-age talk for: "Things aren't going so good."

Here are a few tips by Rand on how to rejuvenate your outlook: "Forget about Charlie Chaplin or Mary Pickford or at least don't speak about them in the presence of the young and hopeful. Learn and try to memorize the names of the singers and movie stars popular in the teen-age set—Perry Como, Stewart Granger, Eddie Fisher, Tony Curtis."

"If somebody mentions Shirley Temple, say you're too young to remember her. Don't talk about how things 'used to be.' Those comparisons are sudden death."

"Know the latest dances. Forget about the waltz. Don't even say the word out loud."

"Keep up on the teen-age fads."

All Duncan Hines' knowledge of fine flavors... in this most flavorful of all cakes!

NEW Duncan Hines Spice Cake Mix

"In a cake, the careful blending of the spices is all-important," says Duncan Hines, America's foremost authority on good eating. "A pinch of one spice and just a suspicion of another can work wonders. But you can't guess—you've got to know."

"Now my new Duncan Hines Spice Cake Mix takes the guesswork out of making spice cakes for you. Carefully chosen spices have been expertly blended right in the mix. All

you add is water and fresh eggs for a perfectly delicious cake!"

"One of the secrets of fine baking is the use of strictly fresh eggs. No good cook would think of using dried eggs, and yet factory-dried powdered eggs are the only kind that can be put 'right into' a cake mix package. That's why I ask you to add your own fresh eggs to my mix."

"And that's why—when you use Duncan Hines Cake Mix and your own fresh eggs—you're guaranteed a fresher, bigger cake—better in appearance, freshness and flavor... or your money back."

I use CLOROX for health protection as well as whiteness!

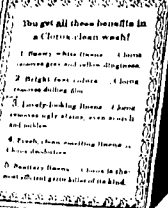

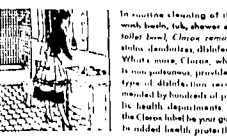

CLOROX makes linens more than white... it makes them sanitary, too!

Yes, there are two big reasons why so many women always launder their cottons and linens with Clorox: For extra whiteness... Clorox removes dinginess, stains, even scorch and mildew; for extra health protection, too... no other home laundering product equals Clorox in germ-killing efficiency!

And remember, Clorox disinfects in laundering... leaves linens fresh smelling whether dried indoors or out. Further, Clorox, a liquid, contains no gritty particles to damage wash and wear. It's extra gentle too, from washing, made by an exclusive, patented formula.

CLOROX gives you a cleaner-looking, more sanitary bathroom, too!

When it's CLOROX-clean...it's SAFER for family health!
